KatKath®

TOMCAT URINARY CATHETER

d Flexibility
ım comfort

GREAT LONGITUDINAL STRENGTH

The **Kat**Kath's incr[illegible]ot diminish its ability in the effective treatment of [illegible]ue to its great longitudinal strength and will not concertina even when encountering gross resistance.

CRUSH RESISTANT

The **Kat**Kath® is almost impossible to crush and is also highly resistant to kinking. This allows placement without the use of a stylet. (Useful if flushing is required during the act of placement).

WELL TOLERATED

The **Kat**Kath® may be left in place for hours or days, dependant on individual needs, and is extremely well tolerated by even the most difficult patients.

KATKATH® SAVES TIME AND MONEY

There is now no longer any need to purchase two separate catheters for flushing blocked cats and leaving a different catheter in place. The **Kat**Kath® is highly effective in both situations saving time, money and effort, by cutting two procedures down to one.
